About Us

OVERVIEW

Emirates Agro is a leading supplier of agricultural products, fertilizers, and petrochemical raw materials, proudly operating under the Madameek Group, a trusted name in international trade since 1981.

Backed by decades of experience and a solid global reputation, we offer a diverse portfolio of high-quality commodities, including grains, oils, fertilizers, and industrial raw materials.

Our strong supplier network and commitment to quality, timely delivery, and client-focused service make us a reliable partner across the agricultural and industrial sectors.

With the support of the Madameek Group's legacy, Emirates Agro Trading continues to grow as a trusted name in global supply and trade.

VISION

TO BECOME A
Leading Global Supplier

NPK *Fertilizers* MANUFACTURING

GRANULAR POWDER
LIQUID

The manufacturing facility is equipped with advanced technology and rigorous quality control systems, ensuring every batch of fertilizer meets international standards.

A full range of NPK formulations is produced to suit:

- Various crops and soil types.
- Different climatic zones.
- Application methods including fertigation, foliar spray, and soil use.

All products are of **UAE origin** and supplied with complete export documentation, offering a dependable solution for global buyers.

CUSTOM & OEM FERTILIZER MANUFACTURING

We proudly offer OEM production services, enabling our partners to:

- Develop private-label NPK brands.
- Customize formulations and packaging sizes.
- Maintain consistent product quality with reliable lead times.

With the ability to produce **Granular, Powdered & Liquid NPK Fertilizers**, the facility offers flexible, high-capacity production tailored to diverse agricultural needs.

This makes us the ideal partner for fertilizer companies, distributors, and agro-industrial buyers worldwide.

Why CHOOSE US ?

- Full Range of NPK Grades – Granular, Powdered, Liquid.
- Flexible minimum order quantities to suit customer requirements.
- OEM Manufacturing & Private Label Options.
- UAE Origin Products with Full Export Documentation.
- Competitive Prices, Exceptional Quality.
- Committed to Sustainable Farming Practices.

CROP *Protection* **MANUFACTURING**

Emirates Agro specializes in manufacturing high-quality crop protection products, offering reliable, custom solutions to meet the varied needs of global agriculture.

└ PESTICIDES ┐ └ HERBICIDES ┐

└ FUNGICIDES ┐

Our agrochemicals are designed to deliver targeted pest control, improve crop health, and support higher yields across a wide range of climates and crops.

CUSTOM FORMULATION & MANUFACTURING

At Emirates Agro Trading, each product is formulated to client-specific needs, including:

- Technical specifications provided by the client.
- Target crop and pest challenges.
- Local climatic and environmental conditions.
- Preferred active ingredient concentration.
- Packaging formats (bottles, drums, sachets...).
- Flexible & Reliable Production.

WHAT WE *Offer*

Whether you're launching a private label or need a tailored formula for a specific application, our solutions are built around efficacy, safety, and compliance with international standards.

- Custom formulations and packaging solutions.
- OEM & Private Label manufacturing services.
- UAE origin products with full export documentation.
- Production managed by an experienced technical team.

With flexible minimum order quantities and scalable production capacity, Emirates Agro is the partner of choice for agro distributors, agricultural companies, and government procurement agencies.
